

Swadeshi Senior Secondary school

Barbari, Hengrabati, Guwahati

Annual Report

Our school is toddler having born in year 2021. We have been moving cautiously as we have aspiration to be affiliated to CBSE. We took the first step to seek **No Objection Certificate from Education Department; Govt. of Assam**. We have to go through several inspections by school inspectors which are screened by the officials of education department before granting N.O.C. towards the end of June, 2024, as only a couple of weeks left before last date of submission of application to CBSE for affiliation upto Senior Secondary level. Once the application was filled up, we were in great hurry to upgrade the campus to match with the CBSE guidelines. We prepared the practical class room in the second floor and tried to accommodate forty seats in each practical room. We spent most of our efforts in infrastructure development. At the same time we developed our playground in front of our main school building.

As the school campus is new, we focused on conservation of environment by digging a pond in the backward for rainwater harvesting. This rainwater is utilized for gardening and keeping the new grass in the school field alive throughout the year for greening of the campus. We take extreme care in process of segregation of waste at source. Maximum effort is taken to educate the young pupils as well as the staff for conservation of environment. Therefore “World environment day” was celebrated in the campus with pomp and gaiety with planting of saplings in appropriate locations. Keeping in view we developed another playground on the backyard of the old school building where excellent facilities are newly added this year for lower class students. Students availed these newly added facilities to the fullest.

As far as outdoor games are concerned, we developed one Basket Ball court, one Volley Ball court and one New Badminton court in addition to already existing one. We have completely revamped the Indoor game room with induction of two Table Tennis boards, one Boxing bag besides number of other indoor game facilities like Chess, Carrom etc.

New books are added to the school library. Proper attention is given to get good magazines and newspapers in English and Hindi. E-Library facility is made accessible.

Physical inspection of the school from CBSE was held on 23rd of October, 2024. They pointed out certain shortfalls, more particularly in the practical rooms. We promised to rectify them at the earliest. Report of inspection committee was far from satisfactory.

A couple of weeks after, we were asked by SARAS portal of CBSE to upload our Ramp in the rear. Also they wanted to see if proper railings were fitted in the ramp in the front. We were asked to send videography of the entire campus wall which is to be 6 (six) feet tall and concrete. We upgraded our Mathematics and Composite laboratories with new addition from previous inspection. Thereafter, we were asked by SARAS if we would be interested in taking “**REVIEW**” which we replied in affirmative. Review inspection which is online inspection took place on 18th December, 2024. We were informed on 23rd January, 2025 that our application for fresh affiliation upto Senior Secondary level had been rejected. But we were not dejected as we gathered plenty of experience to try it afresh in coming session.

As the school authority was engaged 24 × 7 days in preparing the campus for CBSE inspection, other essential regular academic and non academic activities were jealously taken care of.

These included:

1. One medical and Dental camp was organized by city hospital K.G.M.T. in the school campus for benefit of both students and staff on 26th April, 2024.
2. On 5th June, 2024 Environmental Day was observed in the campus. For awareness of society, we took out a procession. Art competition and extempore speech competition were organized.
3. On 21st June, was **“YOGA DAY”** which was held with mass Yoga by staff and students under guidance of Yoga specialist from nearby R.S.S. Head quarter SUDARSHANALAY.
4. First Unit Test of students was held from 20th to 29th June, 2024 which was followed by one month of **Summer Vacation** in month of July.
5. Independence Day was celebrated with great enthusiasm by students and staff by unfurling the national tricolour in the school campus.
6. Parents and Teachers meet was held on 22nd of August, 2024. It was guided by gracious presence of former Director of Regional Centre of ELTS of British Council Mrs. Sagarika Sharma.
7. Teachers’ Day was observed as usual with great interest by students and teachers in the school campus.
8. On 13th September, 2024 a programme name **“Valika Sabalikaran Abhiyan”** was organized at behest of MTBC, Bongaigaon which was conducted by Mr. Simanta Goswami and Ms. Anshumala Dutta.
9. Half yearly school examinations are held from 22nd September to 30th September, 2024.
10. **“Children’s Day”** was celebrated in the school campus with pomp and gaiety with active participation from students, guardians and staff.
11. Annual sports week was held on 3rd week of November, 2024 as schedule.
12. Second Unit test was held for students from 18th to 24th December, 2024.
13. Pre Magh Bihu was organized in the school premise on 13th of January, 2025.
14. **“Silphi Divas”** was observed to mark the death anniversary of great Assamese artiste Rup Konwar Jyoti Prasad Agarwala.
15. Teachers’ Training Camp was organized by “Physic Wallah Academy” which was conducted by its Director Mr. Saksham Agarwala.
16. Final Examination was held from 2nd March to 10th March, 2025 and results declared on 15th March, 2025.

In Conclusion:

“We have miles to go”

A heart filled with aspiration and confidence upto the brim. Our endeavour is to achieve excellence and to become a torch bearer of knowledge which we shall propagate throughout Assam in particular and entire N.E. region in general. For that our foundation must be robust and in the coming years we shall build it up untiringly brick by brick to set the target for greater accomplishments in the years to come.
